Superior has joined forces with **Playnation** (www.playnation3.com) and **TriForce Jump Rope** (triforcejr.com) to offer other activities for your children to participate in during our camps. They are both conveniently located in our loop. We are able to safely walk the children to both locations. We will be taking the children after lunch on two separate days in the week.

A typical camp day will include: gym time, free play, crafts, games, snack, lunch, and an outside activity (such as a treasure hunts, sidewalk chalk, water balloons/super soakers, ball sports)

You're child is guaranteed to have a great time, with our experienced staff, and a fun filled day at the gym.
